Mailing Lists

| Mailing List | Description | Traffic |
|---|---|---|
| Artwork | All about the Tiki look & feel, graphics, icons, themes, logos + other GUI stuff<br>https://lists.sourceforge.net/mailman/listinfo/tikiwiki-artwork (Archive) | Low |
| CVS (it is still called CVS because this is what Tiki used before SVN and Git). Changing would require additional work, so we leave as is. | SVN (Subversion) commits information, and comments about commits If you plan to develop and commit code, you should subscribe to this list.<br>https://lists.sourceforge.net/mailman/listinfo/tikiwiki-cvs (Archive) | High |
| Development | Tiki developers (the main decision/communication channel. Please **do not** use this forum for support — use the Forums instead.<br>https://lists.sourceforge.net/mailman/listinfo/tikiwiki-devel (Archive) | Mid-High |
| PT-BR | Lista de discussão Tiki em português, para usuários e desenvolvedores.<br>https://lists.sourceforge.net/mailman/listinfo/tikiwiki-pt-br (Archive) | Mid-Low |
| Deutsch | German Language User Group (GLUG) - deutschsprachige Tiki Benutzergruppe<br>https://lists.sourceforge.net/lists/listinfo/tikiwiki-deutsch | Low |
| Users | General list for Tiki users<br>https://lists.sourceforge.net/mailman/listinfo/tikiwiki-users (Archive) | Mid |

We mirror ( dogfood ) the developers mailing list here:

- https://tiki.org/forum26

Note: For historical reasons, we continue to use mailing lists instead of exclusively Dogfooding the Tiki forums. Forum and Mailing List Synchronization is in place though.
