**What**

See [Roundtable Meetings](https://example.com) for a detailed description.

**Fixing Community Items session**

*(Why this?)*

Closing the Roundtable time we use available time to organize a session to fix a list of bugs from the reports at [https://dev.tiki.org/Community+items#Summary](https://dev.tiki.org/Community+items#Summary) and [https://dev.tiki.org/Community+items#List](https://dev.tiki.org/Community+items#List)

- ...

**Tiki community issues (no coding) where volunteers are needed**

- ...

**Where**

[http://live.tiki.org](http://live.tiki.org)

**Topics**

1st hour quick news

1. Preparing next month branching
2. Japan Tikifest summary

Second hour, longer topics

1. Tiki code reformat
2. Tiki to Bootstrap4
3. CAPTCHA Options

   - We got an email pointing us at [this list](https://example.com) which has a good selection of alternatives and as we have had to go back to manual validation of registrations [here](https://example.com) it is obviously something we need to improve in Tiki imho
