@Aris you can put a remark on top of the page like ^This page content is obsolete^ or maybe we can create a category for that and you can just categorize the page using the left hand column module?

they're admin-only access.
ar
Aris Bernotas (aris002)
00:57:13
@lucy the problem is also as Bernard said- dead pages searchable and shows on search engines
ga
Gary Cunningham-Lee (chibaguy)
Pages in "Archived" could be registered-user-only visible.

we can put NOINDEX,NOFOLLOW on them maybe? using the metattag plugin in custom module assigned by the category

(If there's value in looking at archived pages, for users.)

A lot of work... I am thinking of automated ways..

It will be automated but you need to do the "lot of work" first ;)

with category and module

I love this "Supreme being" thing :

I love the communists part... :)

Group them together!

.... dark is really dark... Make me feel uncomfortable. Can't we have a less dark dark ?
I just wanted to ask ;-)  

is it editable ?

Look very nice!

no we cannot have less dark

use the light option instead

if you prefer

... I want a dark-grey option ;-)  

Why don't we get full width with the left collapsing ?

or use your own theme ;)

:-p

it is customizable css ?
vote for static look, only dark and lite
