TikiFest2004-London

First UK Tiki meet has happened! 23-27th July '04 in London

A bit of a last minute invitation by a group of Tiki users but the weekend was a excellent chance to push Tiki forward and meet up with mose! - Damian

You can see photos of the Fest [here on uk.tiki.org](http://uk.tiki.org) for those that wanted to join in with a UK fest not to worry! We will be arranging another one (with better notice and advertisement) in a handful of months time at my place in Cheshire. Everyone is welcome! (wire and wireless network available)

Drop your name and a rough location on this page if you interested in a UK Gathering!

Not sure on a venue, or time yet, just checking the UK interest

Perhaps somewhere centeral like Birmingham may be a good venue
