Tiki Fest Fosdem 2018

https://fosdem.org/
«FOSDEM is a free event that offers open source communities a place to meet, share ideas and collaborate. It is renowned for being highly developer-oriented and brings together 5000+ geeks from all over the world.»

Jyhem has attended for 5 years in a row and confirms that it's huge, it's chaotic, it's fun, and well worth attending.

Most of everything is in English.

What

Joint stand application together with wikis-oriented communities

XWiki, DokuWiki and Foswiki

The Tiki community would like to send a joint application for a booth together with other wikis-oriented communities, like we did very successfully last year and the year before Fosdem2016 Fosdem2017 with the Xwiki community and the DokuWiki community.

The reasons are:

- it is important and it is required to have at least 2 people on the booth. We plan to be about 6 but there are a lot of conferences and booths we want to see, too.
- There is a lot of competition for booths so a joint application has more chances of being accepted.
- The more, the merrier. After all, we also travel to Brussels in order to meet people.
Current status

Jean-Marc Libs (jyhem) has contacted the XWiki, the DokuWiki and the MediaWiki communities. Anyone else I should contact?

Who is participating

Lists of participants are below under the Who section.

Tiki community

We need to have 2 people on the stand at all times, which means 6 attendees.

XWiki (confirmed)

Responded favorably

Foswiki (confirmed)

Have been contacted: Michael Daum. Answered YES
Foswiki have their own page: https://foswiki.org/Community/Fosdem2018

DokuWiki

Have been contacted:

Stand organisation

Since we are 4 projects and there is only one table (!) and CiviCRM have one table beside ours, we are currently discussing how we could share space in a way everybody likes.

Thank you Alasdair for accepting the CiviCRM booth at FOSDEM.

@Jean-Marc: we need two chairs and space for a laptop with external monitor. Behind us we will have one roll-up banner. As you know, that will take up most of the space of our booth. Nevertheless, I guess with respect for each other's project and some common sense, we will find a win-win solution. Can you discuss this with your wiki colleagues? Then we can Skype about it.
After some mails and phone calls, I feel we could make it with the following arrangement:

- The « Wikis oriented communities » table would have Xwiki, Tiki and Wikisuite together.
- The «CiviCRM» would share some room for Foswiki. Probably 1/3, but details to be defined when stands are set up on saturday morning.

Also, we will need to find extra chairs.
screen (for video/presentation) | Torsten if coming with car  (no car)
---|---
Tiki-shirts rest | Jyhem 40 t-shirts leftovers from last year (mostly big sizes, no M)
new Tiki-shirts M sized | avantech paid and sent to Barbara's place
100 new Tiki tote bags | avantech paid and sent to Barbara's place
2 A3 plastic posters | Jyhem
Ticket-making machine | Jyhem
Tiki brochures / flyer / leaflets | Jyhem brings 40 black&white from last year and 4 colored ones. Does anyone remember how many we printed last year? If it was 100, we don't need to print more...

A pdf presentation for laptops on the stand?
