FrOSCon stands for 'Free and Open Source Software Conference'

The computer science department of the University of Applied Sciences Bonn-Rhein-Sieg organises a program with talks and workshops.
The event is supported by the "Linux/Unix User Group Sankt Augustin" (LUUSA) and the FrOSCon e.V..

You will find a fair of booths from FLOSS projects and companies.
A social event, celebrated at Saturday night, offers the opportunity to exchange opinions with other visitors, speakers or volunteers.

The event is hosted for the 8th time at the 24th and the 25th of August 2013.
