- Where are we?

At this time it seems unclear as there is no data.

- Where do we want to be?

At an integrated system where we may find people with similar interests.

- Allow us to ask others into our "friendship ring"
- When others in our ring enter our site we should be notified. (like MSN)

- Who is working on what? (Priorities/goals/major issues/roles)

Competition and standards

List of other products with similar/interesting/related features.

Here I would like to see some "editorial" content. How do our features compare to others?

CVS Doc section

This is where new features being developed and only in CVS are documented. When the CVS becomes RC/official release, the info in the CVS docs is transferred to update the official docs (FeatureXDoc).

Discussion/participation

Where ideas can be exchanged, debated, etc. Interested people can subscribe to the wiki page and/or to these forums as they would a mailing list.
