

## How to organize a TikiFest

Also see: [TikiFest](#)

### How to&nbsp;organize

- Pick a date/location as soon as possible, ideally several months ahead of time, so everyone can organize logistics (plane tickets, check passports validity, etc.)

### Location selection

- Wi-fi is essential

### Accommodation

Ideally, a house is rented for people that are from out of town

This is not easy in Germany.

### Date selection

In general, we try to have TikiFests just before or after related events. So people can travel and participate to the 2 events. It's also good to plan these dates a long time ahead. There can be other synergies as well.

### **Weekdays or Week-ends?**

If it's a long TikiFest, it could be good to span both. So more people can participate, at least partially.

### **Advantages of TikiFest before the other event**

- We get to know each other better.
- We arrive energized at the other event and fully ready to answer any questions about Tiki.

### **Advantages of TikiFest after the other event**

- We can invite interested people to stay a few extra days and fest with us 😊

When date is picked, it should be added to this wiki page, to Facebook, Upcoming and of course, the Tiki Event calendar

### What to&nbsp;bring

Generally

- power strip

### With booth at&nbsp;conference

- Banner
- Monitor
  - Presentation (update/adapt before)
- Goodies
  - Handouts (update/adapt before)
  - T-Shirts (and a t-shirt holder if you have)
  - Magnets
  - Stickers
- Donation box (maybe)
