

InstallTikiDev

Moved to dev: [install](#)

old stuff below kept for archives

This is the central place for discussing the future of the Tiki setup process.

- RFEs and ideas in Mailinglists, fori etc. should be digested to here
- New ideas can also be directly posted and discussed here - go ahead!

So far we have:

- TikiProfilesDev
- ContentPacksDev
- InstallMultipleTikis

Philosophy and resulting guidelines
