

# Partnership Team

2018-02-26: I propose to remove this team because

1. Partnerships should be initiated by any of the [Teams](#) depending on the subject.
2. The person that proposed this is long gone, and nothing was really ever done

[Partnership Team](#) are needed to foster communication and collaboration with other organizations.

## Ongoing responsibilities

- Make sure any request from a partner gets a reply (even if it is not the answer they would like to hear)
- Monitor <https://tiki.org/Contact-Us>
- Maintain [Partnership Team Dashboard](#)
- Works in collaboration with the [Packaging Team](#) for things like [1-click installers](#)
- Work in collaboration with the [Fundraising Team](#) and [Finance Team](#) for things like [Affiliates](#)
- Works with [Consulting Ecosystem Team](#) because consultants are also partners in the Tiki ecosystem
- Be in touch with larger institutional users (or potential users) of Tiki (high-level coordination of roadmaps, etc.)
