

PluginAvatar

Avatar Wiki Plugin

The avatar plugin can be used to display the user avatar for any user.

Using the Avatar Tags

Displays the user Avatar and links to the User Information for that user.

```
{AVATAR()}username{AVATAR}
```

Displays the user Avatar and links to the page specified.

```
{AVATAR(page=>some)}username{AVATAR}
```

If no avatar have been uploaded for that user,nothing is displayed.

Example

Source

```
{CVS()}lib/wiki-plugins/wikiplugin_avatar.php{CVS}
```
