

# PluginCountComments

## Plugin to show the number of comments of a page

This is a tiny plugin :

### Description

The main goal of the plugin is to show the number of comments on a wiki page or an article . So you can point to a wiki page and after it put the comments it have .

For example :

Wiki Page (4 comments)

### Use

Copy 'wikiplugin\_comments.php' to TIKI\_INSTALL/lib/wiki-plugins/  
and start to use:

On a page insert the next code :

```
{COMMENTS(pagetype=>Typeofpage , page=>NameofPage)}{COMMENTS}
```

### Example:

This code:

```
{COMMENTS(page=>Wickle Projects and Docs , pagetype=>wiki page)}{COMMENTS}
```

it will produce the next :

(x comments)

where x is the number of comments on "Wickle Porjects and Docs" Page

thats all.
