Testing SimpleScripts

- See also [Bluehost](#) testing.
- As of 2012-09-27, we have an issue with upgrades from 7.x or 8.x to 9x and are in contact with the SimpleScripts team by email.
 - SimpleScripts 9.1 install was perfect.
 - SimpleScripts 7.1 install was perfect.
 - Upgrade to 7.2 was perfect, but there is no option to upgrade to Tiki8 or Tiki9.
 - SimpleScripts 8.1 install was perfect.
 - Upgrade to 8.3 was perfect, but there is no option to upgrade to Tiki9.

Feature requests

- Also, we'll be finding a way to support LTS, as per [Message to 1-click installers about Tiki LTS](#).
- We'll also ask SimpleScripts to review [Tiki Check](#) as they have a lot of experience with all kinds of hosts.
