

# SourceForgeSummary

Whenever we reference the Tiki Project Summary Page on Sourceforge which has the following URL:

[Project: Tiki CMS/Groupware: Summary](#)

lets use this WikiPage: sf.netSummary

The main info there is replicated here using an rss, see [tikwiki.orgRSS1Doc](#) for how it has been setup

N/A

- [Project name: Tiki Wiki CMS Groupware](#)
- [Developers on project: 493](#)
- [Downloadable files: 944226 total downloads to date](#)
- [Tracker: Bugs \(289 open/2023 total\)](#)
- [Tracker: Support Requests \(2 open/201 total\)](#)
