Inspired by the Podcasts

- TWiT - This Week in Tech: <http://twit.tv/twit>
- TWiG - This Week in Google: <http://twit.tv/twig>

The goal of **TMIT** - This Month in Tiki is to go create a 1h informational Webinar / Podcast. Subjects will range from new features in development, interesting sites using Tiki and everything in between.

The goal is to keep all of our users, developers and fans up to speed on what is going on in the world of Tiki.
