TikiFest Virtual 2021 Summer Workshops

What kind of presentation would Tiki users like to see at a TikiFest? The workshops and presentations for TikiFest Virtual 2021 have already been planned — on Vue.js, translation, and other topics — but we want to know what else people would like to have presentations on at the upcoming TikiFest Virtual 2021 Summer Workshops — dates to be announced).

Please edit this page to add your ideas. Hopefully someone in the community can fulfill the request and put together a presentation or lead a discussion.

Presentation Topic Requests

<table>
<thead>
<tr>
<th>Requested Topic</th>
<th>Who volunteers to do it?</th>
<th>Notes</th>
</tr>
</thead>
<tbody>
<tr>
<td>Converting a WordPress theme to use with Tiki</td>
<td>@Gary Cunningham-Lee</td>
<td>Torsten suggested this topic at the April Roundtable meeting and Gary agreed it's a good topic and will present some information.</td>
</tr>
<tr>
<td>Cascading Trackers using pluginLIST</td>
<td>Jyhem</td>
<td>@Jean-Marc Libs suggested this topic at the April Roundtable meeting</td>
</tr>
</tbody>
</table>

TikiFest Virtual 2021 Session Follow-up

- A tracker will be made for easier input of requests, etc.
- This page will get a Convene plugin for deciding the exact date and time.
- We will decide on deadlines for request submissions and acceptances, etc.
- The recording of this session is coming soon.
