

TikiFest2008-London

About

What is TikiFest? A tradition in the TikiWiki community, a TikiFest is when there is a meeting between at least 2 TikiWiki contributors that don't usually meet. This is an opportunity, usually to drink adult beverages, get some laptops out and code wildly in group sessions and/or discuss about wiki technology and culture, etc. depending the mood and context. It is a great opportunity for Tiki users and Tiki power users to meet some of the developers and learn more stuff 

This TikiFest (Mini) will happen **Wednesday 26th, November 2008 in London, UK**, and will be focused on community building and international relations (ok, mainly beer!).
