

# TikiNomenclature

## Goals:

---

To help searching and to **prevent duplication of content**, Tikiwiki.org contributors are encouraged to use & develop a common nomenclature.

## Definition: nomenclature

---

)Merriam-Webster(( defines nomenclature as "the act or process or an instance of naming"

## Requirements:

---

# external resources

TikiTeamResources together with TikiCommunication are working on creating a map of explanations regarding the use and development of external Tiki resources.

We need a basic nomenclature for

- specific sourceforge workbench resource names
- specific tikiwiki.org homepage resource names

proposal examples work in progress specific resource names:

tikiwiki.orgContentTemplateFeature

tikiwiki.orgContentTemplateTikiTeam

[SourceForgeSummary](#)

# wiki pages
