

UpcomingEventRSSBug

```
{rss id=21 max=5}
```

Produces:

[tiki.org](#) articles

- [WikiSuite is 13 years old!](#)
- [A giant in Open Source: Jonny Bradley's 10,000 Commits to Tiki Wiki CMS Groupware](#)
- [Happy 21st Anniversary, Tiki!](#)
- [Tiki 26 Release Continues Rapid Feature Development](#)
- [Tiki's code contributions are up 100% compared to the previous year!](#)

which is OK for news.

```
{rss id=26 max=5}
```

Produces:

[Tiki RSS Feed Error Message: rss feed disabled](#)

- [TikiFestCEST](#)
- [Happy Birthday Tiki](#)
- [TikiFestDevOps 2014](#)
- [15th Libre Software Meeting \(RMLL 2014\), Montpellier, France](#)
- [Confoo 2014, Montréal, Canada](#)

1. Date would be nice
2. RSS feed has events in chronological order, but that is not how they appear in the plugin
3. There should be a RSS module instead of a custom module with [PluginRSS](#) in it...
