Hi folks.

I use Tikiwiki since June 2004 to run my own website [Eidolon's Inn](#), which is dedicated to old computer and video games.

Since then, I have chosen Tiki for two more of my community sites:

[World of M.U.L.E.](#) - a fanpage dedicated to one of the greatest multiplayer games of all times.

[Abi '97 Sophie Hedwig Gymnasium Diez](#) - community site for the people of the final years of my school

Feel free to drop me a message anytime to discuss Tikiwiki experiences.

Regards,
Christian.
