Notes

Do we need these pages or something like them for this website:

AboutThisSite

This page should have information about this specific site.

WelcomeVisitors

This page will have the basics about getting started here. The goals and ambitions behind this site and what the benefits about using it. After looking at things a bit I don't think that this should be HomePage . More thought required. Any other thoughts / suggestions?

WelcomeUsers

This page goes into the background about using this site and suggests the ground rules for all of us to follow. Help, tips, hints for using this is also a place to develop information that all of us can use to feed the FAQs about this site and how we will use it.
