UserPagedthacker

What I'm working on now

I'm reviewing all Doc Pages marked "Need Review". I'm making small edits for language, grammar, and punctuation. (English).
I'm testing the new Debian Packages to see if I can include those in the Debian Install Section.
I'm working on a proposal to clean up organization of the Doc Site and fix broken links in Tiki.

Please take a look at AlternativeCollaborativeDocumentation

10 things about dthacker

1. I'm a Linux/AIX/Solaris SysAdmin
2. I'm an Informix/MySQL DBA
3. I'm married
