

UserPagepaulap01

Hi,

this is my personal wiki page.

I published a few criteria and features around the (tikiwiki) blog system. You find the text in the forum [Features/Usability](#) or on [BlogIdeasPaulap](#).

And this is the way to my [PluginsSandbox](#).

My tw 1.8 installation diary

---

This page is about my story to install tw 1.8 on the server of my provider. And it is a hot story. It is a step by step diary of my experiences and actions. Take a look at [InstallTroublespaulap01](#) and help me to finish my adventure.

www.pitschek.com IS ONLINE

---

My brand new website <http://www.pitschek.com> is online. In the next few days i will create / add a lot of top info about business process engineering & collaborative platforms. TAKE A LOOK and tell me your feeling about the site.

[WikiSuite is 13 years old!](#)

Marc Laporte - 11 Mar 2024 18:45 GMT-0000

So I launched this 13 years ago! I am very pleased with the current state and progress. It will just get better and better as the community grows 😊

Here were the initial vision/goals/plans:

A slideshow: <https://wikisuite.org/Initial-Slideshow>

An interview (in French): <https://wikisuite.org/Initial-Interview>

It was originally called "Tiki Suite" as a suite of tools around Tiki Wiki CMS Groupware, and also because suite also means next in French. So the next step for Tiki 😊

Today, we raise a virtual toast to celebrate the remarkable journey of Tiki Wiki CMS Groupware as it turns 21. What began as a modest wiki with extras in 2002 has blossomed into a versatile web application, shaping the landscape of intranets, websites, portals, knowledge bases, and more. Tiki has not just stood the test of time; it has evolved into a tech powerhouse.
