Coming Soon: TikiFest Virtual 2021

Author: Gary Cunningham-Lee - Published 22 May 2021 17:06 GMT-0000

TikiFest Virtual 2021 will be held from June 2 to June 5, and everyone is invited to get together online at tiki.org/live for presentations and discussions.

The open source Tiki Wiki CMS Groupware provides tools for remote collaboration integrated with a wiki, calendar, and database features, among others, so we will be using these in-house tools for the virtual Tikifest.

The Covid-19 pandemic is still impacting travel and other activities around the world. Unfortunately, then, it isn't possible yet to hold a normal in-person TikiFest, to meet and work together in one place for a few days. But with Tiki providing the tools for remote collaboration, we're doing the next-best thing: we're having another virtual TikiFest, following [the first one held a year ago](#).

During the TikiFest, some time slots might have parallel tracks for developers and users (advanced or new) but in any case there will be something for everyone, no matter whether you are a Tiki veteran or are new to Tiki and want to discover how we do things the Tiki way.

Everyone is invited to take part in the Tiki community life and the Tiki project.
