What
See Webinars for a detailed description of sections

Tiki 8 feature presentation (20 min)
This month will be Tiki Draw and Tiki Docs.

Examples of Tiki in Use (10 min)

Developer discussion (30 min)
  - Tiki Report, by Robert Plummer
  - Tiki Connect services (proposed by sylvie)
  - Jison parser (proposed by sylvie)
  - Revamped Tiki Trackers usability (proposed by Jyhem)
  - PluginConvene Jyhem has suggestions

Open Space and community discussion (30 min)
  - How do you like the format of these webinars and how can we make them better?

Batch on our bug tracker
How can we improve our bug tracker up-to-dateness.
Previous discussion:
http://dev.tiki.org/Batch+actions+on+the+bug+tracker
• Proposal1:
  1. batch job ([https://doc.tiki.org/Batch](https://doc.tiki.org/Batch)) asking reporters to re-evaluate after x months of no change (including no new comments), and changing status to pending?
  2. changing status to pending or closed (to be discussed) with a field set to "outdated" after X years of inactivity on that item (including no new comments).

batch on trackers
