Where

- live.tiki.org via BigBlueButton

What

See Webinars for a detailed description of sections

Tiki 8 feature presentation (20 min)

This month will be Tiki Draw and Tiki Docs.

Examples of Tiki in Use (10 min)

Developer discussion (30 min)

- Tiki Report, by Robert Plummer
- Tiki Connect services (proposed by sylvie)
- Jison parser (proposed by sylvie)
- Revamped Tiki Trackers usability (proposed by Jyhem)
- PluginConvene Jyhem has suggestions

Open Space and community discussion (30 min)

- How do you like the format of these webinars and how can we make them better?

Batch on our bug tracker

How can we improve our bug tracker up-to-dateness.
Previous discussion:
http://dev.tiki.org/Batch+actions+on+the+bug+tracker

- Proposal1:
  1. batch job (https://doc.tiki.org/Batch) asking reporters to re-evaluate after x months of no change (including no new comments), and changing status to pending?
  2. changing status to pending or closed (to be discussed) with a field set to "outdated" after X years of inactivity on that item (including no new comments).
