

Tiki 1.7 -Eta Carinae- RC4 released

👤 marclaporte - 29 Jul 2003 01:10 GMT-0000

This release candidate is close to the final one. Final 1.7 release will occur in a few days if all goes well.

Many bugfixes:

- xhtml compliance enforced
- new categories management and display
- new version of jgraphpad (2.2.1.2)
- some more themes
- and much more.
