All members of the Tiki Community are invited to join TikiFest Strasbourg, July 6-9, in Strasbourg, France. This marks the beginning of the 2011 Tiki Summer Tour. During the TikiFest, participants expect to work on several items including extending Tiki's multilingual capabilities, improving the Tiki calendar, and Tiki Suite.

An online component, for Tiki Community members not able to attend in person, will be available via a BigBlueButton web conference. Details will be posted on the <http://tiki.org/TikiFestStrasbourg2011> page.

Many participants will stay in Strasbourg to attend RMLL 2011 (Rencontres Mondiales du Logiciel Libre/Libre Software) and expo, which runs July 9-14. At RMLL, be sure to catch the presentation on Tiki Suite - a collection of open source software to improve collaboration and productivity small and medium-sized organizations. See <http://2011.rmll.info/Tiki-Suite> for details.
