

"polom" is a greeting, usually used in our [Matrix channel](#) (formerly we used IRC). It's a reference to what was saying Tom Bombadil when walking in the forest "Polom polom it's Tom Bombadil" or something like that from a J.R.R. Tolkien book.

Given its use, some community members even traveled to a village called Polom during [TikiFestCEST](#). See pics 😊

[Polom](#) Tiki.org! A "greeting card" from the TikiFest 😊
