Fabián Rodríguez

Hi 😎

I met Marc Laporte at his presentation on Tikiwiki in October 2003. That's when I discovered TikiWiki. However, I just recently (March 2006) got infatuated with it (TikiWiki, not Marc!).

I am originally from Colombia but I live in Montreal QC Canada. Most of my unorganized thoughts and ramblings can be ingested for free at your own risk at my personal site.

Projects (TikiWiki related)

- Mozilla Persona advocacy aiming at getting it supported in Tiki.

To see other projects I am involved in, or services I offer, please visit my site.
