Hi to everyone!!! Here is Kostya Rabinovich from Russia.
Was just seeking for a new CMS around the web... Hm, tryed a lot, but returned to my native Tiki...
Now trying Sirius on several websites deployed for Kosmopoisk(Russian Spacesearch scientific unity) Community...
Kosmopoisk main website
And... Waiting for 1.10 release to come! Suppose some new hot features to be included there...
If you are interested in Tiki usage in non-gov organizations, also travels, spaceflights, wanna learn more about Kosmopoisk - contact me via ICQ(UIN 14805927)
