Site description

WHAT IS CARTOGRAF?

Cartograf is an open-source, interactive and collaborative mapping and drawing application, built for students in Quebec. Anyone is welcome sign up, create and share maps, collect and analyze images, and work collaboratively on class projects! However, Cartograf is NOT meant for long-term map creations or corporate use. (Teachers looking to store work permanently should contact us! And others can see our Tech pages to install their own version on their sites.
